School Uniform Policy – 2024.

1. Policy statement

1.1 The department requires that schools set local school uniform requirements.

1.2 The department supports the wearing of school uniform, which promotes a sense of belonging for students and creates a positive identity for the school community. School uniforms also contribute to the personal safety of students by allowing easier recognition of students inside the school and in the community.

1.3 Schools expect students to wear the uniform during school hours, while travelling to and from school, and when engaged in school activities out of school hours.

1.4 All students should have the opportunity to access the full range of school activities, including physical activities, while wearing a school uniform. Girls must have the option to wear shorts and pants.

1.5 School uniform requirements should take into account the diverse nature of a school's student population.

1.6 Each school's uniform must be the result of formal consultation with students, teachers and other staff, parents or carers, and the school community (including the parents and citizens' association).

1.7 A school's response to a student not wearing uniform should be appropriate, fair and consistent, and a student cannot be suspended or expelled for not wearing school uniform. Schools should positively encourage students to wear a school uniform. Principals may consider making exemptions for not wearing a uniform, if considered appropriate after discussions with parents or carers.

1.8 Decisions about school uniform requirements must comply with work health and safety, and anti-discrimination legislation. A school uniform should promote the health and safety of students by identifying items necessary for particular activities to protect students from injury (for example, items for sun protection or safe footwear). Students should be encouraged to wear sun-safe hats for outside activities whenever possible, even though hats may not be a part of the school's uniform requirements.

1.9 A school uniform should include items that are affordable, comfortable, made from easy-care fabrics, appropriate for activity and suitable for all body shapes.

1.10 Schools must have written agreements in place to set out the terms and conditions of a 'uniform shop' and 'supply arrangements'. Schools must comply with procurement requirements to have an on-site uniform shop operated by any party other than a parents and citizens association.

1.11 Schools must advise parents on how they can access financial support if they are unable to purchase uniform items. To assist families, schools should organise facilities such as clothing pools.

1.12 Each school's uniform requirements should be reviewed as necessary. Parents and carers must be given sufficient time to purchase items and schools may need to give parents up to three years to change more costly items. All suppliers and retailers must also be notified and given sufficient time to change the school uniform. Principals should keep on file each school's uniform requirements, along with a brief statement about who was consulted.

2. Audience and applicability

2.1 This policy applies to all NSW public schools.

Additional Notes.

It is recognised that there are times when children may not be able to wear their school uniform. However, children must bring an explanatory note from their parents informing the school of the reason why this is so.

New students to the school will be asked to wear a uniform as similar as possible to our uniform until they can purchase the one worn by the St Marys South students.

Make-up on our students is not acceptable. Fingernails should be kept cut short for safety reasons. Rings and necklaces may be worn at the discretion of the school executive staff. The school will not take responsibility for damaged or lost jewellery. Jewellery must not be worn during sports.

This policy will be implemented using common sense and allowing for special circumstances.
